## Program Faculty

The Program is taught by Karen Koogler, CEO of The Koogler Group and author of the *Integrative TILA-RESPA Final Rule Study Manual*. With nearly 40 years of industry experience, Karen has authored 30 title insurance textbooks including the new *Federal Compliance Risk Management Manual*; the Multi-State series of textbooks for agent licensure, closing agent certification, and title examiner certification; State-specific textbooks for title agent licensing in Alabama, Florida, New York, and Virginia; certification course manuals for Virginia Title Settlement Agents and Virginia Title Examiners; along with myriad industry business development and job skills training manuals. Karen has also developed and delivered precicensing courses in Alabama, Florida, Indiana, and Virginia. In 2009, she authored the *2008 RESPA Final Rule Study Manual* and developed a full-day Implementation Program which was successfully delivered to 5,000 title agents, attorneys, closing agents, and loan originators throughout the country. *The same format is used to present the Integrative TILA-RESPA Final Rule Program.*

## Program Textbook

The Integrative TILA-RESPA Final Rule Program is a full-day Intensive Program. Each participant will receive a copy of the 300-page *Integrative TILA-RESPA Final Rule Study Manual* on the day of class. This enables participants to follow along with the detailed PowerPoint presentation and make their own implementation notes, which further enables them to train others once they return to work. *The textbook retails for \$250 – Program Participants receive it free as part of the Program!*

## Who Should Attend This Program

In addition to those seeking CE/CLE credit, we strongly recommend companies send their *front line personnel* who will be responsible for nuts-and-bolts Final Rule implementation. In addition, anyone responsible for in-house training should attend the Program. The targeted educational delivery method is extremely effective for *learning* and, for those responsible for training others, for *teaching*.

## Post-Program Support

The CFPB continues to provide updates and guidance that impacts Rule implementation. Those attending the Program will be added to The Koogler Group's *Education Matters* email list, through which they will be notified of any updates, guidance, or Rule interpretations the Bureau may make between now and August 1, 2015. In addition, The Koogler Group will continue to provide suggestions for potential solutions regarding the impact the Final Rule has on the treatment of title insurance and treatment of settlement agents.

The March 9, 2015 Georgia Title School will be held at:

The Cobb Galleria Centre, Ballroom C/D  
2 Galleria Parkway Southeast  
Atlanta, GA 30339
